

SOLDIERS OF THE LION

(Chuck Girard)

F2/A **Bb2/D**
The field is white and frosty, the hour is drawing near
F2/A **Gm**
The battle lines are being drawn as the hour of dawn appears
C/E **F**
In the stillness of the morning, the air is crisp and charged
Bb **Gm**
With the tension of the battle, and the enemy at large
F2/A **Bb2/D**
The battlefield is crowded, but the soldiers here are few
F2/A **Gm**
Yet the enemy is held at bay, no weapon can get through
C/E **F**
Our tiny band of warriors continue in our stand
Bb **F** **C**
And as new soldiers join us, we prepare to take the land
F **F2/A** **F**
We form a line of conquest, like fire our armor shines
Bb/D **Gm+2** **Gm**
With unshakable advancement, we move against the lines
C/E **F2** **F**
Our swords are drawn and ready, and our numbers grow each day
Bb/D **C**
We'll soon be fully strengthened and we'll blow the troops away!

Chorus

F **Am**
We're the soldiers of the Lion, we're the army of the light
Bb/D **Gm**
The unstoppable battalion that drives away the night
C/E **F** **C/E** **Bb/D**
And the Lion is our standard, and we know we cannot die
Gm **C6** **C**
'Cause the mighty name of Jesus is our sovereign battle
F **Am** **Bb** **Bbm** **Bbm6** **F**
Cry!

F2/A **Bb2/D**
We move against the forces of the father of all lies
F2/A **Gm**
And the enemy is forced to flee before our very eyes
C/E **F**
For no demon can resist us or begin to stand against
Bb/D **Gm**
An army fully armored, no! Hell has no defense!
C/E **F**
So look out powers of darkness, your hour has finally come
Bb/D **Gm**

Our commander's name is Jesus, and we've got you on the run

C/E

And we'll charge you and we'll route you

F

With the Spirit's mighty sword

Bb/D

You've had this planet long enough,

Gm

You know you're not our Lord!

C/E

F

Am

So get back to outer darkness, and you leave the saints alone

Bb

C

Your weapons cannot prosper, we're commissioned by the

C7

Throne!

Chorus
