

# WAS THAT JESUS

(Chuck Girard)

## INTRO

**Am F Esus Am F E**

**Am F E**  
Was that Jesus walking by the river

**Am F E**  
Was that Jesus walking in the park

**F Am C**  
I thought Jesus only walked in church yards

**F Esus E**  
What was Jesus doing in the dark

**Am F Esus E**  
Was that Jesus face I saw this morning

**Am F E**  
Amid the crowd of busy hustling feet

**F Am**  
And then again as I came home this evening

**F Esus E**  
Did I see Jesus walking down my street

**C G**  
I don't really want to know the answer

**C G**  
I don't really want to face the change

**E Am C**  
Everywhere I look I'm seeing Jesus

**F Esus E**  
Everywhere I look it's all so strange

**Am**                    **F**                    **Esus**   **E**  
Was that Jesus standing on the corner  
**Am**                    **F**                    **E**  
With such love and compassion in His eyes  
**F**                                    **Am**  
Was that Him or just an apparition  
**F**                                    **Esus**   **E**  
Was that really Jesus in disguise.

**Am**                    **C**                                    **Am6/F#**   **Fmaj7**  
Everywhere I look, .....I see the eyes of Jesus  
**Am**                    **C**                                    **Am6/F#**   **Fmaj7**  
Everywhere I look,..... I see Him beckoning to me  
                                 **Dm**                                    **Am**  
I turn my head away, my eyes just cannot stay  
**Dm**                                    **Gsus**   **G**  
For in the eyes of Jesus, I see me

**C**                                    **G**  
I don't really want to know the answer  
**C**                                    **G**  
I don't really want to face the change  
**E**                                    **Am**   **C**  
Everywhere I look I'm seeing Jesus  
**F**                                    **Esus**   **E**  
Everywhere I look it's all so strange

**Am**                    **F**                    **Esus**   **E**  
Was that Jesus listening as I prayed last night  
**Am**                    **F**                    **E**  
Was that Him who brushed my tears away  
                         **F**                    **Am**  
Or was it only my imagination  
**F**                                    **Esus**   **E**  
Fading with the coming of the day

**Am F E**  
No I saw Jesus smiling as I wakened  
**Am F E**  
I saw Jesus beckoning to me  
**F Am C**  
Come to me my frail and brokenhearted  
**F Esus E**  
Step into my arms and now be free  
**Am**  
Be free
